Investment Strategy

We believe in a systematic, rule-based investment philosophy. As nobody can consistently predict the market, we like to focus on a disciplined, focused investment process without emotions.

The composition of the underlying of this Structured Product is managed systematic, rule-based and discretionary over the course of its term.

The selection of the underlying constituents is made by the investment manager on the basis of a proprietary model in which quantitative and qualitative factors are taken into account. Only physical investments, high liquidity, flexible, no derivatives, no market timing or trading. A well diversified equity portfolio, based on academic research. Therefore, we focus only on what we can control and follow.

focused - disciplined - no emotions
